

AADDM19

C O N F E R E N C E

3-4 October
Telethon Kids Institute, Perth Children's Hospital

AADDM
Australian Association of
Developmental Disability Medicine

Invitation for Abstracts

The Australian Association of Developmental Disability Medicine is an organisation of medical practitioners, allied health practitioners and others who specialise or have an interest in improving the health and function of the over 500,000 Australian children, adolescents and adults with intellectual disability. For the first time the conference is being held in Perth at the Telethon Kids Institute. We are planning an exciting and varied program including topics such as outcomes of preterm birth, autism, FASD, rare diseases, quality of life, use of linked data and child maltreatment.

Abstracts are invited for oral presentations, including from students (from any related discipline) who can register at reduced rates and who will be eligible for a student prize.

Submissions should be received by FRIDAY, 26TH JULY, 2019

Please email your abstract to helen.leonard@telethonkids.org.au

Guidelines for Abstracts

Please prepare your abstract (up to 300 words) according to the following format:

Title:

Authors: (presenter underlined)

Affiliations:

Background:

Method:

Results

Implications:
